FERDINAND MAGELLAN

Limited to a production of 100 total units (30 Reagan and 70 Truman Era). The **FERDINAND MAGELLAN** was converted into Presidential service in 1942 by the Pullman Car Company. The Magellan is now on display at the Gold Coast Museum in South Florida.

Our 'O' scale reproduction is truly museum quality and features a beautifully detailed interior, interior lighting, platform lighting, and moveable platform gates.

OMI #048040001.2

Reagan 1984 era, Ferdinand Magellan US No. 1 Presidential PULLMAN Car, factory painted Pullman Green/ Black, lettered, lights, interior lights.

Hand Sample shown with a number of changes to be made at time of production.

PRODUCTION
A-1 Graphics, Inc.

Overland Models, Inc. is under license to produce Models for the following companies:

- CSX Transportation
- Union Pacific Railroad
- Canadian Pacific
- GM Electro-Motive Division
- General Electric Transportation Systems
- Nelson Manufacturing

We also have a working agreement with:

- VIA Rail Canada
- Norfolk Southern
- Burlington Northern Santa Fe railroads
- SPANDECK cranes

ALL Models BUILT BY AJIN
PRECISION OF KOREA, OR AS
NOTED OTHERWISE.

**SUBSCRIBING TO
THE OVERLAND MAIL**

The Overland Mail is \$30.00 a year for 5 issues (U.S & Canada), and \$70.00 a year for 5 issues in all other parts of the world. Previous issues of our bulletin are \$5.00 + S&H if we have them available.

Please contact us at 1-765-289-4257 if you would like to subscribe to our bulletin or order a previous Overland Mail.

Great Northern W-1 Electric

The massive Great Northern W-1 Electric produced by General Electric in 1946 is nearly ready for service on your 'O' scale model railroad. Overland Models will produce both road numbers with lettering variations as noted. Production has begun with an early 2005 delivery of 35 units total in beautiful O scale. Place your deposit today to be one of the very few to own these electrifying locomotives.
